Summary

I am a React JS & React Native Developer with 6 years of experience of developing mobile apps and websites.I always strive to write highly human-readable and highly machine-performant code that makes up highly-valuableapplications that are delivered quickly.

Skills

Mobile development • Front end development • React • React native • JavaScript • TypeScript • Android • iOS

Work Experience

Senior React Native Developer
Jul 2022 – Present

Cinolla • Part Time London, UK (Remote)

Technologies: React Native ● JavaScript ● Figma

Achievements:

- Orchestrated a visionary UI and UX design using Figma, meticulously crafting an app that aligned perfectly with the client's   unique specifications and vision.
- Embarked on the ambitious task of building the entire application from scratch, showcasing mastery in React Native and a commitment to delivering tailored solutions.
- Seamlessly integrated printer SDKs and Stripe payment processing, enhancing the app's functionality and enabling efficient business operations
- Ingeniously devised and implemented multiple custom solutions to cater precisely to the client's diverse and evolving needs, exemplifying an unwavering dedication to client satisfaction and project excellence.

Senior React Native Developer
Aug 2022 - Mar 2023 • 6 mos

Open English • Full-time Chicago, US (Remote)

Technologies: React Native ● React ● TypeScript ● Jenkins

Achievements:

- Pioneered the development of a comprehensive End-to-End (E2E) test suite from the ground up, showcasing a deep understanding of quality assurance and test automation.
- Accomplished the extraordinary feat of implementing Cypress Testing on React Native, a remarkable achievement considering it's not a default capability.

Frontend tech leader
Jan 2022 - Jul 2022 • 6 mos

Stalmarck Resources Optimization • Full-time Stockholm, Sweden (Remote)

Technologies: TypeScript ● React ● Socket.IO ● TailwindCSS

Achievements:

- Conducted a comprehensive analysis of the existing web platform, leading to a series of strategic optimizations.
- Streamlined the codebase by eliminating superfluous UI libraries, resulting in a 67% reduction in code complexity.
- Transformed the CSS technology from Sass to the more fitting Tailwind, enhancing both development efficiency and design flexibility.
- Remarkably reduced the initial page load from a cumbersome 3 MB to a lightning-fast 1 MB, a remarkable 66.7% enhancement in website performance.

Freelance React Native Developer
May 2021 - Jan 2022 • 8 mos

Freelance • Freelance Remote

Technologies: React Native ● Firebase ● JavaScript ● Figma ● TypeScript

Building React Native Apps from scratch for Clients using React Native & Firebase.

React Native & React JS Developer

Sep 2020 - Jun 2021 • 9 mos

BetterSpace • Full-time London, UK (Remote)

Technologies: React Native • React • JavaScript • Stripe

Achievements:

• Delivered three fully functional React websites at a record pace by designing versatile, reusable components.

• These components were meticulously crafted to promote efficiency, providing a 40% reduction in development time and ensuring seamless integration into multiple websites.

React Native Developer

Mar 2019 - May 2021 • 2 yrs 2 mos

160 Driving Academy • Full-time Tirana, Albania

Technologies: React Native • React • Firebase

Achievements:

• Single-handedly launched the pilot Job Finding App, earning approval from the company board.

• Successfully delivered the initial two official app versions using React Native, establishing a strong presence in the market while driving the company's growth.

iOS Developer
